Husson University's School of Pharmacy is seeking pre-candidacy status by the American Council on Pharmaceutical Education to offer the Doctor of Pharmacy (Pharm. D.) program. The courses listed below are the ones that best meet the pre-pharmacy requirements for our program. Similar or more advanced courses may be acceptable. However, their acceptance should be determined in advanced. Applicants are required to complete at least two years of college including the following prerequisites prior to entry into the professional program.

Pre-Pharmacy Requirements	Recommended Courses
General Biology with Laboratory	BIO1210 BIO1220
Anatomy and Physiology with Laboratory	BIO2011 BIO2012
General Chemistry with Laboratory	CHE1020 Need Gen Chem II
Organic Chemistry with Laboratory	CHE2110 Need Organic Chem II
Calculus I	MAT1531
Statistics and Probability	MAT2021
English Composition/Writing	ENG1061 ENG1062
Economics (Macro or Micro)	ECO2020 or ECO2030
Introduction to Psychology or Sociology	PSY1010 or SOC1010
Speech	ENG1070 or COM1010 or COM1020
General Education Electives (6 credits)	
General Education Electives – Choose one from two separate areas: Humanities, History, Philosophy/Ethics, Foreign Culture/Conversation, and Fine Arts.	
NOTE: No grade lower than a C (2.0) is transferable to Husson University's School of Pharmacy.	

Recommended courses are for the completion of the pre-pharmacy requirements for the School of Pharmacy at Husson University. Course evaluations for other programs within the University may vary.

Three-quarters of the Biology prerequisites, three-quarters of the Chemistry prerequisites, and one-half the Statistics/Calculus prerequisite needs to be completed prior to the application deadline, so appropriate comparisons can be made between applicants. Advanced Placement (AP)/CLEP credits in science and math courses Applicants to the School of Pharmacy are required to take the Pharmacy College Admission Test (PCAT). The PCAT is a specialized test, which helps identify qualified applicants to pharmacy colleges by measuring general academic ability and scientific knowledge necessary to successfully complete the pharmacy program. The PCAT must be taken prior to the January 31 application deadline. Application to take the PCAT must be made approximately one month in advance of test date. Visit our website (www.husson.edu/index.php?cat_id=1251) to find out more about the application process.

Applicants who have successfully completed three-quarters of the chemistry, three-quarters of the biology/anatomy & physiology, and one of the math prerequisites with a minimum math/science pre-pharmacy GPA of 2.75 on a 4.0 scale and a minimum PCAT score of the 50th percentile will subsequently be evaluated for the (1) the completeness/accuracy of the application, (2) the likelihood of completing any remaining required pre-pharmacy courses, (3) academic performance in chemistry, biology, and mathematics, (4) when the courses were completed, and (5) PCAT scores to determine if an offer will be extended for an on-campus interview at the applicant's expense. There will be no penalty for re-taking the PCAT and the highest composite score will be used in evaluations. Meeting minimum application criteria does not ensure an offer of an on-campus interview since offers of interview are dependent upon the size and competitiveness of the applicant pool. The Admissions Committee reserves the right of final decision with regard to acceptable prerequisites for interview and admissions.
