

## Using and Registering for Husson Eagle Career Link

### What is it?

The Eagle Career Link is used by Career Services to manage employers, jobs, internships, events, and student information. All full-time and part-time jobs, internships and student employment are posted on this site. All events, workshops, employer visits, and everything else Career Services does will be managed here. You are able to upload resumes and cover letters to apply for jobs and internships if that is how employers want you to apply. Each job posting will tell you how to apply. This is the one-stop shop for Career Services information. Register today for free and your account will remain with you throughout college and even after graduation.

### How to log-in to the Eagle Career Link?

1. Go to:

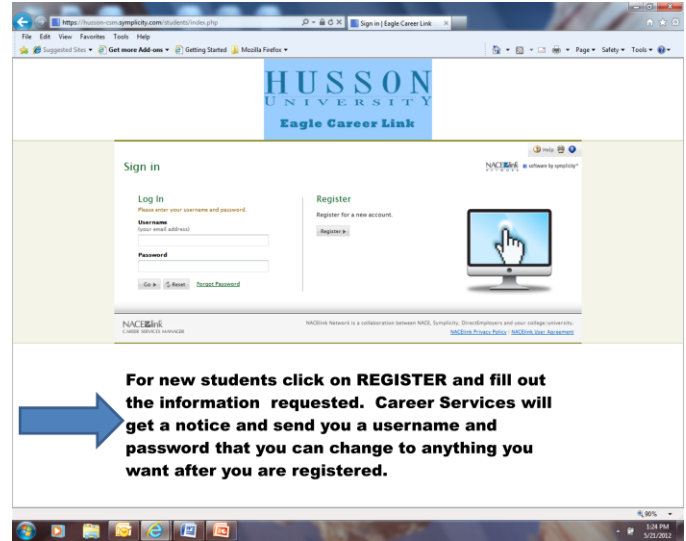

<http://husson-csm.symplicity.com/students>

2. If you have a username and password log-in to the system.
3. If you don't click on "Register" and create an account.
4. Fill out the profile completely and Career Services will then approve your account.
5. Once approved, you will get an e-mail to create a password. You will then be able to log-in with your e-mail address and password 24/7.
