Disability Documentation Form for Residence/Housing Accommodations

The following must be filled out by a qualified medical or psychological provider with expertise in the area of concern, and returned to Accessibility Services.

Residence Life / Housing accommodation requests require documentation to affirm that the student making the request is a student with a disability, with functional limitations which present a barrier to access of the on-campus residences or dining services at Husson. Approval of requests is determined on a case by case basis.

- I. Please name the diagnosis / diagnoses and list the ICD 10 or DSM V codes relevant to the individual’s medical or psychological condition for which accommodations are necessary.

- II. Date of named diagnosis/diagnoses and date of last visit with this student:

- III. Is this condition temporary or permanent? If needed, please describe:

- IV. Please indicate the current, substantial disability-based limitations related to the accommodation request.

- V. Please describe the current course of treatment. Is the accommodation request an important component of the treatment plan for this condition? Please explain:

VI. What specific accommodations does the student require in residence living? Please describe how this accommodation request is warranted based on the disability.

VII. A "medical single" applies to students whose conditions warrant prioritization of single rooms, and the student would not otherwise be able to participate in campus housing. Does the student's condition rise to the level of a "medical single?" If so, what symptomology supports this determination?

Please Print: Name, Title, Credentials: _____

License Number: _____

Address: _____ City: _____ Zip: _____

Phone: _____ Fax: _____

Signature: _____

Date: _____

Please return this completed form directly to:
