Charge to the Graduating Class	Robert A. Clark
Benediction	Sarah L. Pringle-Lewis
Recessional	Richard Fabri 10:00 a.m. Michael Kamorski 2:00 p.m.

MISSION

Husson University inspires and prepares students for professional careers in current and emerging fields within the context of an education informed by the sciences and humanities.

We achieve this career preparation by supporting and emphasizing

- Outstanding teaching.
- Scholarly contributions to one's discipline or field of expertise.
- An undergraduate and graduate curriculum that is challenging, relevant, and promotes critical thinking skills, self-confidence and strong communication skills.
- Commitment to ethical behavior and social responsibility through involvement in the world by faculty and students, administrators and staff, board members, and involved citizenship as a University.
- Lifelong learning to prepare students professionally and personally for the challenges of a constantly changing world.
- A diverse cultural and global perspective achieved through student development and experiential learning opportunities that reinforces our commitment to a strong academic community.
- Careful management and stewardship of University resources.

HISTORY

Founded in 1898 as Shaw Business College and School of Penmanship, Husson now has a School of Pharmacy and the New England School of Communications as well as a College of Health and Education, a College of Science and Humanities, and a College of Business.

Boasting over 1,300 students, the College of Business remains the heart of Husson University. Degrees include accounting, business administration, integrated technology, criminal justice, forensic science, hospitality and tourism management, legal studies, and sport management, with graduate degrees in business administration and criminal justice administration.

Also, founded in Bangor in 1892 as the Bangor General Hospital School of Nursing, the College of Health and Pharmacy – and its strong base of alumni and traditions – became part of Husson in 1983 as the School of Health. Since then, the College has expanded to offer bachelor's and master's degrees in nursing, and master's and doctoral programs in occupational and physical therapy, respectively. Founded in 2007, the School of Pharmacy educates students in pharmacy practice and pedagogy.

Within the College of Science and Humanities, behavioral science courses have evolved into academic degrees in biology, data analytics, English, exercise science, health science, healthcare administration, public health, and psychology. The College also provides the general education coursework for the University. Husson has built its School of Education presence with undergraduate degrees in elementary and secondary education, alternative certification in teacher education, and graduate degrees in clinical mental health counseling, and school counseling.

In 2014, the New England School of Communications became a self-standing school within Husson University offering degrees in communications technology, entertainment production, and mass communications.

DEGREE-GRANTING AUTHORITY

Husson University is incorporated as a nonprofit, independent institution of higher education by the State of Maine. The Maine Legislature first enacted degree-granting authority for Husson in specific Bachelor of Science programs in 1953 followed by other specific degrees and the unrestricted authority to award the Associate of Science (1992), Bachelor of Science (1992), Master of Science (1993), and Honorary Doctorate (1969) degrees. In 2004, the Maine State Board of Education granted Husson the authority to award the Doctor of Physical Therapy. In 2007, the Maine State Board of Education granted Husson the authority to award the Doctor of Pharmacy.

ACADEMIC DISTINCTIONS

Based on a 4.0 grading scale, Husson University recognizes the following associate and baccalaureate academic distinctions at graduation:

Cum Laude	3.40 - 3.59
Magna Cum Laude	3.60 - 3.79
Summa Cum Laude	3.80 - 4.00

The Valedictorian is the baccalaureate graduate with the highest grade point average. The Salutatorian is the baccalaureate graduate with the second highest grade point average. The eligibility requirements for Valedictorian or Salutatorian include completing 90 credit hours at Husson University, enrolling as a full-time student, completing the degree in five years and other eligibility clarifications as set forth in the University Catalog.

ACADEMIC REGALIA

The tradition of academic regalia dates to the formation of the first European universities in the ninth century. At that time, scholarship was conducted at religious centers, and the dress of the scholar was also that of a religious cleric. Long gowns and hoods had the functional purpose of providing warmth in unheated libraries and cells. The use of the raiment continued unofficially until Oxford and Cambridge Universities permanently adopted the clerical vestments as ceremonial academic costume. This tradition spread to American colleges and universities in the late nineteenth century, when a code was set that defined the cut and style of American gowns and prescribed colors to represent the various divisions of learning. For example, golden-yellow, symbolizing the wealth of knowledge gained from scientific research, was assigned to the sciences. In accordance with tradition, Husson regalia includes a long black gown and a mortarboard with a golden-yellow tassel. Husson Master's and Doctoral graduates wear hoods referring to their division of learning: drab representing business, peacock blue for criminal justice, gold for clinical mental health counseling and human relations, apricot for nursing and nursing education, ink for occupational therapy, olive for pharmacy, teal for physical therapy, and light blue representing school counseling. A golden-yellow cord draped across the shoulders of associate and baccalaureate-level students represents their academic honors.

HONORARY DEGREE

One Hundred and Twenty-second Commencement

Honorary degrees have been granted by colleges and universities since colonial times. These degrees are not awarded for academic achievements but rather they are awarded to honor or recognize the achievements of outstanding citizens.

Honorary degrees highlight the accomplishments of individuals in the arts, public life, education, scholarship, business, health and the sciences. The first honorary degree was awarded at Oxford University in the 1470s. Since 1969, Husson has recognized prominent citizens for their contributions to the community, the State of Maine, the nation, and the world.

By virtue of the authority vested in its members, the Board of Trustees is pleased to confer the following honorary degree upon the occasion of Husson University's One Hundred and Twenty-second Commencement.

WALDRON "TOM" SAWYER, JR.

Successful entrepreneur and philanthropist Waldron "Tom" Sawyer, Jr., '87, is being presented with an honorary Doctor of Business Administration degree. This degree pays tribute to Sawyer's 34 years of service to Husson University as well as his contributions to the greater Bangor community. He has owned several businesses including the Sawyer Environmental Recovery Facility, the Breakwater 1904 Inn (1991-1998), and the Southwest Harbor Boat Marina (1993-1998).

Sawyer has contributed his time and energy to many boards and organizations including the Maine Businesses for Social Responsibility, the Anah Highlanders (Drum Major), and the Maine Community Foundation Board of Directors. Sawyer was a member of the Bangor City Council from 1986-1993 and served as the Mayor of Bangor in 1989. He was also a Maine State Senator from 2000-2004. Sawyer was named the vice chair of the Husson University Board of Trustees in 1987 and was awarded an honorary bachelor's degree that same year. He was elected chair of the board of trustees in 2004, and served in that capacity for two years. Sawyer received the Husson Chief Award in 2001 and the Chesley H. Husson, Sr. Award in 2005.
