— VISION —

Husson is a university of choice for premier professional programs where students succeed, experiential learning is championed and global engagement is emphasized.

— MISSION —

Husson University seeks to inspire and prepare students for professional careers in current and emerging fields through professional programs informed by the sciences and humanities.

— GUIDING PRINCIPLES —

Husson University community achieves this career preparation by supporting and emphasizing

- Outstanding teaching.
- A commitment to student empowerment and support for student success.
- Scholarly contributions to one's discipline or field of expertise.
- An undergraduate and graduate curricula that are challenging, relevant, and promotes critical thinking, self-confidence and strong communication skills.
- Principles of ethical behavior and social responsibility.
- Lifelong learning in preparation for the challenges of a constantly changing world.
- A diverse cultural and global perspective achieved through student development and experiential learning opportunities that reinforce our commitment to a strong academic community.
- Careful management and stewardship of University resources.

— HISTORY —

Husson University has a more than 126-year history in Bangor, Maine, beginning with the founding of the Shaw Business College and School of Penmanship in 1898. The school's first home was at 49 Hammond Street as part of the Bass Block. It prepared students for careers in commerce, teaching and telegraphy. Over the years, the institution existed in several locations in downtown Bangor and became known as the Maine School of Commerce.

Chesley Husson, the University's namesake, became a teacher and coach at the Bangor branch of the Maine School of Commerce in 1926. He purchased the school in 1933, mortgaging his house and borrowing funds to pay for it. By 1935, he was named principal and president of the corporation. The institution officially became known as Husson College in 1947.

A Board of Trustees was established in 1962. As the college continued to grow and change, Husson developed a vision of a campus built around a circle with a permanent home in Bangor. He began to purchase parcels of land, including a dairy farm, to make that vision a reality. Husson opened its present day campus in 1968.

In 1983, Husson College and Eastern Maine Medical Center collaborated to offer a Baccalaureate Nursing Program in which the curriculum, faculty and degree granting would be overseen by Husson College. Today, Husson offers numerous undergraduate

degrees and many innovative graduate degree programs, as well as a diverse selection of core science and humanities courses and programs.

Husson College became Husson University in 2008. In 2024, Lynne Coy-Ogan, Ed.D. became the 7th president and first female CEO of Husson University.

— DEGREE-GRANTING AUTHORITY —

Husson University is incorporated as a nonprofit, independent institution of higher education by the State of Maine. The Maine Legislature first enacted degree-granting authority for Husson in specific Bachelor of Science programs in 1953 and the first masters degree in 1977. The University was also given the unrestricted authority to award the Associate of Science (1992), Bachelor of Science (1992), Master of Science (1993), and Honorary Doctorate (1969) degrees. In 2004, the Maine State Board of Education granted Husson the authority to award the Doctor of Physical Therapy. In 2007, the Maine State Board of Education granted Husson the authority to award the Doctor of Pharmacy.

— ACADEMIC DISTINCTIONS —

Based on a 4.0 grading scale, Husson University recognizes the following associate and baccalaureate academic distinctions at graduation:

Cum Laude	3.40 - 3.59
Magna Cum Laude	3.60 - 3.79
Summa Cum Laude	3.80 - 4.00

A Valedictorian is the baccalaureate graduate with the highest grade point average. The Salutatorian is the baccalaureate graduate with the second highest grade point average. The eligibility requirements for Valedictorian or Salutatorian include completing 90 credit hours at Husson University, enrolling as a full-time student, completing the degree in five years and other eligibility clarifications as set forth in the University Catalog.

— ACADEMIC REGALIA —

The tradition of academic regalia dates to the formation of the first European universities in the ninth century. At that time, scholarship was conducted at religious centers, and the dress of the scholar was also that of a religious cleric. Long gowns and hoods had the functional purpose of providing warmth in unheated libraries and cells. The use of the raiment continued unofficially until Oxford and Cambridge Universities permanently adopted the clerical vestments as ceremonial academic costume. This tradition spread to American colleges and universities in the late nineteenth century, when a code was set that defined the cut and style of American gowns and prescribed colors to represent the various divisions of learning. For example, golden-yellow, symbolizing the wealth of knowledge gained from scientific research, was assigned to the sciences. In accordance with tradition, Husson regalia includes a long black gown and a mortarboard with a golden-yellow tassel. Husson Masters and Doctoral graduates wear hoods referring to their division of learning: drab representing business, peacock blue for criminal justice, gold for clinical mental health counseling and human relations, apricot for nursing and nursing education, ink for occupational therapy, olive for pharmacy, teal for physical therapy, and light blue representing school counseling. A golden-yellow cord draped across the shoulders of associate and baccalaureate-level students represents their academic honors.

— HONORARY DEGREES —

One Hundred and Twenty-Sixth Commencement

Honorary degrees have been granted by colleges and universities since colonial times. These degrees are not awarded for academic achievements, but rather are awarded to honor or recognize the achievements of outstanding citizens.

Honorary degrees highlight the accomplishments of individuals in the arts, public life, education, scholarship, business, health, and the sciences. The first honorary degree was awarded at Oxford University in the 1470s. Since 1969, Husson University has recognized prominent citizens for their contributions to the community, State of Maine, nation, and world.

By virtue of the authority vested in its members, the Board of Trustees is pleased to confer the following honorary degree upon the occasion of Husson University's One Hundred and Twenty-Sixth Commencement.

GREGORY W. POWELL

Gregory W. Powell is the chief executive officer and president of Dexter Enterprises LLC and chairman of the Harold Alfond Foundation. He is both the 2025 commencement speaker and an honorary degree recipient for 2025. Powell graduated from Wesleyan University and the University of Maine School of Law. He practiced law for 15 years, concentrating in litigation. He currently serves as an officer of the Bill and Joan Alfond Family Foundation, president of Dexter PTC LLC, director of Maine Hardware, and Count and Crush Systems LLC, and is a former director of Fairholme Trust Company and Spinnaker Trust. Powell co-founded Dexter Enterprises LLC, a wealth management company, with Harold Alfond in 1996. Appointed to the board of trustees of the Harold Alfond Foundation in 1996, he became chairman in 2005.

He will be presented with a Doctor of Public Service degree.

KATE BRAESTRUP

Kate Braestrup is a bestselling author and chaplain to the Maine Warden Service. Educated at the Parsons School of Design/The New School and Georgetown University, Braestrup was inspired to become a minister — and to write several of her books — after losing her husband in the line of duty in 1996. As a widowed mom of four children, she entered the Bangor Theological Seminary in 1997, and was ordained in 2004. Since 2001, she has served as chaplain to the Maine Warden Service, joining the wardens as they search the wild lands and fresh waters of Maine for those who have lost their way, and offering comfort to those who wait for loved ones to be rescued, or for their bodies to be recovered. She married artist Simon van der Ven in 2006, and together they have six children. She is also a popular public speaker around the country and abroad, entertaining and educating interested audiences with her characteristic honesty, good humor and poignancy.

She will be presented with a Doctor of Public Service degree.

— ASSOCIATE OF SCIENCE DEGREES —

COLLEGE OF BUSINESS

Associate of Science in University Studies

Alexis D. Cyr	Madawaska, ME
Miguel Carvalho Duborjal ~ <i>Magna Cum Laude</i> ~	Porto, Portugal
