

HSI WEEK ENDED JULY 27, 2018

The Husson Stock Index (HSI) decreased 0.53% from the week ended July 20th. The Husson Stock Index on July 20, 2018 was 152.60 and decreased to 151.78.

The largest percentage change for the week was Penn National Gaming, Inc. (PENN), which decreased 12.1%. Although the corporation's adjusted earnings for the second quarter of 2018 beat consensus estimates by 16.3%, net revenues were 1.2% below consensus estimates.

The Husson Stock Index was developed by Marie Kenney, while a student at Husson University, in consultation with Associate Professor J. Douglas Wellington. The index tracks and analyzes 27 companies that are considered to have an effect on the Maine economy. These companies are either based in Maine or have an influence on the Maine economy through employment, number of consumers, and overall presence in the State. This price-weighted index offers a numerical break down of Maine's economy. The analysis looks into the events of the week and finds the likely reasons the index was up or down. The index and analysis help provide a better understanding of Maine's economy and offer an explanation of significant changes in the stock prices of the companies that comprise the Husson Stock Index.
