OFFICIAL COMMUNICATION

Students are ultimately responsible for using official Husson University communication methods. Failure to use official Husson University methods does not excuse students from the content that may be received through each method.

The official Husson University communication methods are:

- Husson University campus voice mail and "Eagle Alerts" via E2 Campus
- Husson University e-mail system
- Husson University campus mailbox
- Husson University's Free "Eagle Safe" mobile safety App.
- Last address provided by students for official communication purposes

IDENTIFICATION CARDS

All students are required to have a Husson University identification (ID) card containing an assigned student identification number, which should be in their possession at all times. This card is used for identification purposes in accessing University buildings and grounds, using athletic and audiovisual equipment, borrowing material from Sawyer Library, attending University-sponsored events, and dining on campus. The first Husson University ID card is issued to a student at no charge. The cost to replace a student ID is set at \$25. This amount can be paid with dining dollars, cash, or added to the student's ledger account. The cost will be waived if one of the following conditions exist:

1. card is no longer readable due to normal wear and tear; or,
2. the card is lost due to theft; or
3. the card malfunctions for some reason (will not open doors, will not swipe for meals, etc.).

The student ID is meant to last a student during his/her entire time here at Husson. There is no automatic replacement at the beginning of each semester. Students are expected to return at the beginning of each semester, card in hand.

Students should be prepared to show their ID card when requested to do so by Residence Life staff, Safety & Security personnel, faculty, staff, or administrators, and to access residence halls. Failure to surrender or provide the ID card when requested may result in disciplinary action. The identification must be surrendered if a student withdraws from the University in order for that action to be processed.

INSTANT COMMUNICATION RELATED TO EMERGENCIES

E2 Campus is Husson University's premiere emergency notification system. In the event of an emergency, school closing, or other circumstances, you sent an "Eagle Alert" by text message and/or e-mail alert notifying you of the nature of the situation or closing and if any action is needed. Your phone number and Husson email address from your CAMS record will automatically be added to the notification system. *Please note that an "Eagle Alert" will be used along with our cancelations notifications system, and will be used only for campus closings, not individual class or event cancellations. An "Eagle Alert" will be issued to convey campus emergency information.*

If you need to update your contact information, or would like to Opt-Out from receiving these notifications, simply fill out Student Address Change Information Form (with the changes requested) submit to the Registrar's Office and your request will be completed and you will get a confirmation when it is complete.

The "Eagle Safe" mobile safety App provides easy access to all the service available at the University and is another way to receive emergency communications.

For questions regarding the content of the *Alerts*, please contact the Department of Safety & Security at SECURITY@husson.edu, at 207.941.7911, or visit the Department of Safety & Security Google site.

NON-DISCRIMINATION POLICY

Husson University is committed to maintaining an environment that is free from unlawful harassment and discrimination of all kinds and prohibits discrimination against or harassment of any individual or group on the basis of race, color, sex, sexual orientation, gender identity and/or expression, religion, ancestry or national origin, age, physical or mental disability, citizenship, veteran status, or any other applicable legally protected status in matters of admissions, employment, housing, or services in the educational programs or activities it operates. Consistent with this commitment, as well as federal and state laws, Husson University does not tolerate unlawful discrimination or harassment in any form.

Inquiries regarding Husson University's policies and procedures may be referred to the Executive Director of Human Resources, Janet Kelle, at kellej@husson.edu, or (207) 941-7131.

The Office of the Chaplain is committed to addressing the spiritual needs of all members of the Husson community (students, administration, faculty and staff). Its mission is to foster an understanding and appreciation for the diverse religious and spiritual life on the university campus. In addition to sponsoring programs and events that encourage learning about various religious traditions and spiritual practices, the Office of the Chaplain also provides services for the University community such as student organizational support and pastoral care.

Whether you're devoutly religious, skeptical of faith, or looking for ways to serve others, there's a place for you in the Husson community. We're here to provide opportunities for you to get involved in spiritual life on campus through worship services, film series, studies, conversations, and service opportunities. It's normal for students have questions about who they're becoming and the Office of the Chaplain is here to help you form answers to those questions.

What is the ministry of the Office of the Chaplain at Husson University?

The Office of the Chaplain at Husson University is committed to the ministry of presence and availability. The main purpose of the Chaplain is to listen, care and respond appropriately to a student's needs. Activities include performing liturgies; praying with students, faculty or staff; conducting services, offering bereavement counseling, and providing general ministry, advocacy, crisis intervention, community service, cultural activities and multi-faith programming. Although broad in scope our services center on the intellectual, personal, social, interpersonal and spiritual dimensions of life as we assist members of our community in personal awareness and understanding. In short, the Office of the Chaplain acts as a faith presence that accompanies each person on the journey through life at Husson.

What is the mission of the Office of the Chaplain at Husson?

The Office of the Chaplain is committed to addressing the spiritual needs of all members of the Husson Community. Its mission is to foster an understanding and appreciation for the diverse religious and spiritual life on the college campus. This is accomplished by sponsoring programs and events that encourage learning about various religious traditions and spiritual practices, offering noontime chapel experiences in Leonard Chapel, collaborating with the greater Bangor religious community to connect students with local faith communities, and sponsoring retreats, concerts and off-campus learning experiences.

What opportunities are there for students to explore and grow in their faith while at Husson University?

College life can be hectic and demanding with classes to attend, projects to complete and the never ending deadlines for submitting class papers. In the midst of all this activity, many people can often become overburdened with the concerns of the day. The Office of the Chaplain offers time in the day to meet in the Chapel together to worship, discuss, learn and let go of daily stress.

Monday morning from 9:30AM - 10:00AM come join in *The Quaker Way* "as we gather into the stillness for worship and depart into the world for service."

On Monday at lunchtime a *Contemporary Christian Worship Service* is held in the chapel from 12:00 -12:45PM.

Wednesday is a good time to gather in the chapel at 12:00 noon to discuss the weekly scripture text of the revised common lectionary and the ways in which the text speaks to college students in particular. Join us for *CONNECTIONS: The Text This Week*.

Wednesday at 6:00PM CRU (Campus Crusade for Christ) presents a *Contemporary Christian Worship Service* followed by a group activity at 6:30PM.

Thursday at 12:00 is a time to discuss a pre-chosen book that deals with contemporary issues and faith communities. Last year we looked at *Race in a Post-Obama America: The Church Responds*, stay tuned for this year's selection. Every afternoon after 1:00PM the chapel is available for Muslim students to perform their afternoon prayers. Bible studies open to the campus community are held throughout the week.

What other activities does the Office of the Chaplain support?

The Office of the Chaplain espouses the values of service, social justice and diversity as ways to grow spiritually and supports any student organization or campus activity that promotes these values.

Where is the Chaplain located?

The Chaplain is located in room 208B Peabody Hall and available Monday through Friday from 9 am to 5 pm.

What direct services does the Chaplain provide?

The Chaplain is available to serve the pastoral and spiritual needs of students, faculty and staff on-campus. Both students and employees have sought counseling for family, relationship, health, moral behavior, financial issues, stress management, vocational discernment, spiritual formation, crisis, grief and emotional support. Conversations with the Chaplain are confidential and done with compassionate listening in a supporting and encouraging environment. However if there is a clinical need the student or employee will be referred to the appropriate clinician.

Is the Chaplain a clergy person?

Our current Chaplain, the Reverend Sarah L. Pringle-Lewis holds a Master of Divinity and is ordained in the United Church of Christ. Our part-time pastoral assistant, the Reverend David Gardiner holds a Master of Divinity and is ordained in the National Association of Congregational Christian Churches.

Where is the Chapel?

The Office of Community & Student Engagement provides leadership in the development and implementation of co-curricular service-learning/community-based learning opportunities, volunteer service, community partner capacity building and advocacy. This position is responsible for the development of student leadership opportunities through community-university engagement. In addition, the office seeks to inspire, motivate and support students, staff, and faculty in their efforts within community engagement education to prepare for effective citizenship.

Commuter Student Services

Programming for commuter students is an important part of the mission of the Office of Student Life. Our signature commuter program is the Commuter Assistants Program. Each semester, all new incoming commuter students are assigned a CA, or Commuter Assistant, who knows the campus well, excels academically and is active in the campus community. The CA's contact the new students before they arrive on campus. They strive to be a resource and to assist commuters with the transition to the University by encouraging

participation in events, clubs and organizations, and insuring that all new commuters are aware of all systems that are in place to help insure student success.

Commuter students are represented on the Student Senate Executive Committee by a Vice President for Commuter Affairs. This student, along with the Student Life Office, works through social media and other efforts, to advertise events on the campus and represent the needs of all commuters.

Volunteerism, Community and Student Engagement

Community and student engagement, in the form of volunteer service, is a graduation requirement for all Husson students. The Office of Student Life works to promote volunteerism and to serve as a liaison between students and community service agencies. Though much volunteering is done through academic majors and clubs and organizations, the Student Life staff manages a directory of agencies where students, faculty and staff, can research opportunities to give back to the community.

The Financial Aid Office at Husson University assists students and their families in finding ways to manage the cost of a Husson education. Financial aid awards, based upon information submitted on the FAFSA, are generally a combination of grants, loans, and part-time employment intended to fill the gap between the student's family's ability to contribute to the annual cost of attendance. The FAFSA (www.fafsa.ed.gov) opens on October 1 for the upcoming academic year and must be submitted yearly by Husson's priority filing deadline of April 15. Awards are also contingent upon the student meeting a Satisfactory Academic Progress standard. Students are encouraged to discuss their financial situation with an advisor in the Financial Aid Office at any time if they are confused or uncertain as to their rights and responsibilities. More detailed information on the financial aid process can be found on the [financial aid web page](#).

The residence halls at Husson University are more than just a place to eat and sleep; they provide opportunities for students to become a part of a community.

Husson has three traditional halls - Bell, Hart, and Carlisle Halls. Each of these halls has nine levels of double occupancy rooms with four private restrooms located on each floor and study lounges located on six floors.

UNIVERSITY POLICIES & PROCEDURES

INTRODUCTION TO UNIVERSITY POLICIES

Each institution establishes rules and regulations to ensure that students' individual rights are respected within the community. Such policies also serve to inform students of their responsibilities.

Please read the following policy statements carefully. They will be applied consistently throughout the academic year for residential and commuter students who are enrolled at Husson University.

In addition, all students present at the time of a violation will be held responsible for the infraction. All residents of a room or suite or townhouse in which such violations occur may be subject to the full range of disciplinary actions, even if they were not present at the time of the incident. As a result, resident students are particularly advised to give careful attention to anyone who has access to their rooms or suites. Any student who feels jeopardized by the actions of his/her roommate(s) should seek assistance from the Residence Life staff so that the problems may be avoided.

Questions concerning campus policies should be raised at the Office of Student Life.

DRUG-FREE SCHOOLS & COMMUNITY ACT

Husson University, in compliance with the *Drug-Free Campus Regulations & Community Act*, and has adopted the policies to address the presence of alcohol and the use of drugs and/or other illegal substances. The misuse and abuse of alcohol and drugs in whatever form is inconsistent with this fundamental commitment of the University to provide said education. The University encourages and supports students who abstain from the use of alcoholic beverages. It also acknowledges that we live within a social environment which establishes in law, a minimum age for the use of alcohol (21). The University does, however, permit the use of alcohol on campus in a manner consistent with the law. The University does not allow the use of alcohol to lead to disruptive behavior or conduct which infringes upon the rights of those who wish to pursue their academic interests as responsible members of the community. The University follows Federal Government guidelines that maintains that marijuana is a controlled substances and thus the use or possession of marijuana or any other controlled substance is against Husson University Policy.

ALCOHOL POLICY

Husson University has policy for underage drinking and encourages those of legal age who choose to drink to drink responsibly. To foster these objectives, Husson supports and may offer the following: alcohol education programs, counseling, social norms campaigns, substance-free housing, individual interventions, parental notification policies, and disciplinary procedures for alcohol-related violations to protect the health and safety of all students. Additionally, all students should be familiar with Maine State Laws pertaining to the sale, consumption, or possession of alcoholic beverages.

Persons under the age of 21:

It is against state law, and hence University policy, for anyone under the age of 21 to possess, sell, acquire, or consume alcohol. Additionally, by Husson University policy no student under the age of 21 will be in the presence of alcohol. Therefore, students will be in violation of the *Student Conduct Code* and/or *Residential Policies & Procedures* if found drinking alcohol, in the same room as alcohol, transporting/transferring alcohol, being intoxicated, and/or participating in any activity involving alcohol.

Persons 21 years of age or older:

A student who is 21 or older may responsibly possess and consume alcohol in designated areas only. They may not possess, consume, or provide alcohol while in the company of those under the age of 21. Being in the same room with alcohol and a person under the age of 21, whether the alcohol is being consumed or not, is still considered providing to a minor. This is against state law and is a violation of the *Student Conduct Code* and/or *Residential Life Policies & Procedures*.

All persons present or residing in a residential room, suite, townhouse, or other University owned, operated, or managed facility must be over the age of 21 for alcohol to be present and/or consumed. Those rooms, suites, or other facilities not meeting this criteria are deemed "dry" and alcohol is not permitted.

When consuming or in the presence of alcohol, a government issued photo ID is required that certifies that you are at least 21 years of age. This identification must be produced upon request by a Husson University official or a law enforcement officer.

GENERAL ALCOHOL POLICY

- All students are responsible for the actions of their guests. This includes informing all visitors of the Husson University *Alcohol Policy* and making sure they are following such policy.
- Persons are expected and required to assume responsibility for their behavior at all times and understand that being under the influence of alcohol does not lessen their accountability.

HEALTH RISKS OF PSYCHOACTIVE SUBSTANCE USE/ABUSE

When someone consumes psychoactive substances they are increasing their chances of experiencing several health risks. Some of these risks may be temporary, but others may have a long-term impact on their physical, emotional and social health.

Psychoactive substances such as alcohol, cannabis, opioids, hallucinogenics, stimulants, and depressants can affect all vital organs, including the brain, heart and lungs, liver and digestive organs. These effects may not be felt immediately, however a person using the substances may develop serious chronic health problems with continued use. Some of the chronic diseases include but are not limited to: diabetes, heart disease, liver disease or cancer.

Alcohol and drug abuse can interfere with a person's ability to acquire and recall knowledge. Learning, language use and emotional stability may also be affected. The cognitive deficits caused by alcohol or drug abuse may cause difficulties in relationships, interfere with academics and hinder career opportunities later in life.

SUBSTANCE ABUSE EVALUATION & TREATMENT

Husson University understands that psychoactive substances such as alcohol, cannabis, and other drugs can impair judgment and function. When students exhibit behaviors that suggest the potential for future problems, the University may refer the student to Counseling Services for a substance abuse evaluation and education about addiction and substance abuse. Additionally, if students are concerned about their use of any psychoactive substances they are encouraged to use Counseling Services to identify ways to help themselves.

ADA/504 ACCESSIBILITY GRIEVANCE PROCEDURE

The mission of Accessibility Services at Husson is to foster a culture of inclusion and access by providing students experiencing disabling conditions necessary services and reasonable accommodations needed to achieve equal access through academics, campus services, and programming. The purpose of the grievance procedure is to provide students with an avenue to achieve a fair and prompt resolution of complaints regarding discrimination on the basis of disability.

Students with a grievance pertaining to a specific accommodation request, or who feel they have been discriminated against on the basis of disability should make direct contact with the Director of Accessibility Services by scheduling a meeting through the Center for Student Success, located in 208 Peabody. The Director will engage with the student through an interactive process in order to understand the basis for the complaint and work toward a solution. If the outcome of meeting with the Director is not satisfactory, students may seek review by the Dean of Student Success by following the process outlined below:

1. Provide a clear written statement of the issue, and a summary of what steps have already been taken by the student and others to resolve the issue. Include a detailed description of the relevant facts, including the student's disability, and the basis for the grievance. Include specific names of individuals involved and dates of the relevant events. Include the name and contact information of the student initiating the complaint.
2. Send the written statement to Matthew Holsapple, Dean of Student Success, 208 Peabody Hall, 1 College Circle, Bangor, ME 04401; or electronically at holsapple@husson.edu.

In response to a written statement, the Dean of Student Success or the Accessibility Services Director may schedule a meeting with the student to gain a full understanding of the situation. The Dean or Director may determine that fact-finding is necessary. After this investigation process is completed the Dean or Director will meet again with the student to offer recommendations with the goal of a resolution. It is anticipated that this process will take no longer than 60 days to complete, however, circumstances may arise that require additional time.

Students should understand that Husson will aim to maintain the confidentiality of information shared regarding a disability-related complaint. However, disclosures may be needed for the purpose of fact-finding in efforts toward a resolution.

Students are encouraged to follow the outlined process above when resolving disability-related grievances, however, all students have a right to file a complaint directly with the U.S. Department of Education, Office of Civil Rights (OCR). Information on filing an OCR complaint can be found at <http://www.ed.gov/ocr>.

CAMPUS PARKING & TRAFFIC RULES & REGULATIONS

All Husson University students are permitted to have motor vehicles on campus, provided they observe the University's motor vehicle parking and traffic rules and regulations. Husson University no longer charges a separate fee for parking and no longer requires a decal. Students who wish to bring a vehicle on campus must simply register the vehicle with Safety & Security at the following web link: <https://www.husson.edu/vehicle-registration>. Failing to register your vehicle is a violation of our parking rules. Knowing who a vehicle belongs to helps us to maintain order and assists in locating an owner during snow removal efforts, which saves you money in fines and tow bills.

Vehicles on University property are operated and parked at the owner's risk. Husson University assumes no responsibility for loss or damage to any vehicle or to personal property on campus. To be permitted on campus, vehicles must be operable and must be legal to operate according to the state and local laws and campus motor vehicle regulations. Vehicles cannot be loaned to anyone considered to be ineligible to operate a vehicle either by the State or by the University. If a vehicle is loaned, both the owner and operator may be accountable for any violations.

It is the responsibility of any individual who operates a motor vehicle on campus property to be familiar with the parking/traffic rules and regulations and abide by them at all times.

There are a limited amount of parking spaces available creating a need for organized parking. There are eight basic rules to follow to avoid getting ticketed:

1. Do not park in a Handicapped or Admissions Parking. In addition to a ticket your vehicle may be towed. Handicap parkers must display valid handicap placard or plate while utilizing handicapped parking space.
2. Do not park in a Fire Lane.
3. Park only in **paved parking spaces**. Do not park on lawn or mud.
4. Observe the 20 mph speed limit on College Circle and the 15 mph speed limit near the residence halls.
5. Do not park in **No Parking Zones** or on the **diagonal hash marks**.
6. If a visitor vehicle is on Campus more than 2 hours, a temporary pass is required.
7. Vehicles may not be parked in the lots posted NO OVERNIGHT PARKING between 11:30 pm and 5:30 am.

Violations of the parking rules and regulations may result in vehicles being removed at the owner's expense. Observing these simple rules will help create a safe and orderly campus.

Room reservations must be made with the appropriate University staff member to ensure scheduling conflicts do not occur. Room books can be made at the Welcome Center. Users of these rooms are required to have a full-time university employee present in the room at all times during an event to ensure full safeguarding of the high-tech classroom equipment (e.g., club advisors, event sponsors, and faculty or staff booking a special event in the lecture hall). Assurance of this faculty/staff member presence must be secured prior to booking the Libra Lecture Hall, the Menucci Lecture Hall and Peabody 228.
- All furniture must remain in the room.
- Only "dry erase" markers only are permitted on the white boards. All white boards and black boards should be wiped clean at the completion of session.

Preamble to the Student Conduct Code

Husson University inspires and prepares students for professional careers in current and emerging fields within the context of an education informed by the sciences and humanities.

The Husson University *Student Conduct Code* promotes a campus environment that supports the mission of the University, by articulating appropriate standards of individual and group behavior.

This *Student Conduct Code* is integral to Husson University's role in transforming student lives and intended to be educational and developmental in nature.

Violations of the norms of civility and other accepted rules of behavior, whether or not specifically covered by this *Student Conduct Code* or other University policies, may subject a student to disciplinary action.

Article I. Expectations & Responsibilities

A student may expect to:

- live and learn in a safe environment and participate in discussion and inquiry to further academic development.
- be treated with respect and consideration.
- to be free from unlawful harassment and discrimination of all kinds. This includes discrimination against or harassment of any individual or group on the basis of race, color, sex, sexual orientation, gender identity and/or expression, religion, ancestry or national origin, age, physical or mental disability, citizenship, veteran status, or any other applicable legally protected status in matters of admissions, employment, housing, or services in the educational programs or activities it operates.

It is the student's responsibility to:

- be knowledgeable and observant of this *Student Conduct Code* and University policies and procedures.
- respect and comply with provisions of federal, state, and local laws.
- be accountable for one's actions.
- treat all community members with dignity and respect.
- engage in responsible social conduct that reflects credit upon the University community and to model good citizenship in any community.

Students are required to familiarize themselves with all Husson University policies and regulations. Ignorance of Husson University policies and regulations regarding expected behavior will not be accepted as a defense or excuse.

Article III Jurisdiction

1. Scope

This *Student Conduct Code* shall apply to conduct that occurs on University premises, at University sponsored activities, and to off-campus conduct that adversely affects the University community, University’s reputation/image/standing, and/or the pursuits of its objectives.

Each student shall be responsible for his/her conduct at all times. This *Policy* shall apply to all covered student conduct, even if the student withdraws from school while a disciplinary matter is pending.

2. Relationship between University Proceedings and Legal Proceedings

University disciplinary proceedings are independent from any federal, state, and local legal proceedings. Therefore, University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates this *Student Conduct Code* as well as federal, state, or local law, without regard to the pendency of civil or criminal proceedings. University disciplinary proceedings under this *Student Conduct Code* may be carried out prior to, simultaneously with, or following civil or criminal proceedings at the discretion of the Code Administrator. Determination(s) made or sanction(s) imposed under this *Student Conduct Code* shall not be subject to change because criminal charges arising out of the same facts giving rise to violation(s) of this *Student Conduct Code* were dismissed, reduced, or resolved in favor of or against the Respondent.

When a student is charged by federal, state or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the legal violation is also being processed under this *Student Conduct Code*, the University may advise off campus authorities of the existence of this *Student Conduct Code* and how such matters are typically handled within the University community. The University will cooperate with law enforcement and other agencies in the enforcement of criminal law on campus, including any conditions imposed by criminal courts for the rehabilitation of students found to have violated federal, state, or local law (*provided that the conditions do not conflict with University rules or sanctions*). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Article IV. Prohibited Conduct

The following conduct constitutes violations of this *Student Conduct Code*:

- a. Conduct that threatens or endangers the health or safety of oneself or others, including, but not limited to: physical (including use of weapons or other items used as a weapon or in a threatening manner) or verbal abuse, assault, threats, intimidation, harassment, and coercion, including through the use of social media or other means of electronic communication.
- b. Use and/or possession of weapons, even when legally purchased and registered, including, but not limited to: firearms, ammunition, air/gas/spring operated paintball guns or pellet guns, knives (other than utensils), firecrackers, explosives, or any item used in such a manner that harms, threatens, or causes fear to others.
- c. Possession of weapons, as listed in Article V. b, on University premises or at University sponsored activities.
- d. Sexual Misconduct, as defined within the Husson University *Sexual Misconduct & Gender Based Violence Policy*. All allegations of sexual misconduct will be referred to the Title IX Coordinator for review and determination.
- e. Hazing, defined as an act which endangers the mental or physical health or safety of a student, or which destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in, a group or organization. The express or implied consent of the Complainant is not a defense. Apathy or acquiescence in the presence of hazing are not neutral acts and constitute violations of this *Policy*.
- f. Theft, attempted or actual, of property and/or services, or misappropriation of property and/or services. Attempted or actual damage or vandalism to University property, a University community member’s property, or other personal or public property.

- g. Use, possession, manufacture, or distribution of marijuana, heroin, hallucinogens, stimulants, narcotics, steroids, or other controlled substances, including misuse of prescribed controlled substances.
- h. Unlawful use, possession, manufacturing, or distribution of alcoholic beverages, or public intoxication. Alcoholic beverages may not, under any circumstance, be used by, possessed by, manufactured by, or distributed to any person under twenty-one (21) years of age.
- i. Engaging in dishonest behavior, including, but not limited to: providing fraudulent, false, or misleading information or statements to University officials or during University proceedings, providing false identification, or failing to provide personal identification upon a reasonable request.
- j. Engaging in or supporting disorderly or disruptive behavior, including, but not limited to: interfering with teaching, research, administration, disciplinary proceedings, or other University activities; interfering with public service functions; interfering with activities of other authorized non-University functions on campus; and lewd or indecent behavior.
- k. Engaging in behaviors and/or conduct that adversely impacts the image of the University and its objectives.
- l. Unauthorized possession, duplication, or use of University keys and/or access cards, and unauthorized entry to, or use of, University or other premises.
- m. Failure to comply with directions of a University official or law enforcement officer acting within the performance of his/her duties.
- n. Failure to participate in *Student Conduct Code* procedures in good faith.
- o. Failure to comply with sanction(s) imposed under this *Student Conduct Code*.
- p. Violation of fire safety regulations.
- q. Violation of any University policy, including, but not limited to *Residential Policies & Procedures*, *Digital Environment Acceptable Use Policy*, and *Smoke Free, Tobacco Free Policy*.
- r. Violation of federal, state or local law.

Article V. **Complaints**

The Office of the Dean of Student Life is responsible for the administration and enforcement of this *Student Conduct Code* and the Dean of Student Life shall appoint a Code Administrator to perform the duties set out herein. Any member of the University community may make a written or verbal Complaint with the Office of the Dean of Student Life that a violation of this *Policy* has, or may have, occurred.

If after making a Complaint, the Complainant does not wish to pursue resolution, requests that no action be taken, or elects not to participate in the process, such request shall be in writing and include a waiver of investigation and resolution. Husson University may still have to respond to the reported violation of this *Policy*.

If the Complainant would like to pursue resolution, but requests that the Complaint remain confidential, or that his or her name or other identifiable information not be disclosed to the Respondent, the Code Administrator will inform the Complainant that the University's ability to respond may be limited and that the University prohibits retaliation. The University will evaluate the Complainant's request(s) to remain anonymous, or that no action be taken, in the context of the University's commitment to provide a safe environment for all students. In order to make such an evaluation, the Code Administrator may conduct a preliminary investigation into the Complaint and may weigh the Complainant's request(s) against the following factors: the seriousness of the alleged misconduct; the Complainant's age; whether there have been other Complaints of *Student Conduct Code* violations against the same Respondent; and the Respondent's right to receive information about the allegation if the information is maintained by the University as an "education record" under *FERPA*.

The Code Administrator will inform the Complainant if the University elects to move forward with an investigation against the Respondent. If circumstances specific to the Complaint may, in the judgment of the Code Administrator, prevent the University from ensuring confidentiality and/or anonymity, the Code Administrator will explain those circumstances and the possible confidentiality concerns to the Complainant. In all cases the University reserves the authority to undertake an investigation, impose interim measures, and impose appropriate sanctions in its sole discretion.

Article VI. **Investigation of Alleged Violations**

The Code Administrator will review Complaints of alleged violations of this *Student Conduct Code* or *Residential Policies & Procedures*. If an allegation of sexual misconduct, as defined within the University's *Sexual Misconduct & Gender*

Violence Policy, is made under this *Student Conduct Code*, the allegation will be immediately referred to the University's Title IX Coordinator, who will investigate the allegation in accordance with the University's *Sexual Misconduct & Gender Violence Policy*. In all other cases, if after an initial review of the Complaint, the Code Administrator determines that the Complaint is meritless, the Code Administrator will inform the Complainant that the alleged conduct does not constitute a violation of this *Student Conduct Code* and no further action will be taken. If, however, the Code Administrator determines that the complaint has merit, the Code Administrator will decide whether the Code Administrator, Conduct Officer or an Investigator shall conduct the investigation.

Except as provided below, an investigator shall conduct the investigation if:

- a. The alleged violation(s) may result in a suspension or expulsion; or
- b. The alleged violation(s) are made against a recognized University organization (e.g. team, club, fraternity); or
- c. For any other reason, as determined by the Code Administrator, in his or her sole discretion.

In all other cases, the Code Administrator, or Conduct Officer, shall conduct the conduct conference or investigation.

Upon deciding that the Complaint has merit and necessitates an investigation, and whether the Code Administrator or an appointed Investigator will conduct the investigation, the Code Administrator shall send a Notice of Complaint to the Respondent, to be delivered by email. The Code Administrator will simultaneously cause a copy of the Notice of Complaint to be delivered to the Complainant, as appropriate.

The Notice of Complaint shall set forth the alleged violation(s) at the time of notification, the date of the investigation, who will be conducting the investigation, and explain that the Respondent is permitted to have an advisor [advisor must be an employee or student of Husson University not involved in the alleged violation(s)] of his or her choice present during all phases of the investigation but that for *Student Conduct Code* purposes, advisors shall not be attorneys, are not permitted to speak or to participate directly in the investigation, and are not permitted to advocate on the Respondent's behalf.

The investigation will involve interviews of the Complainant, Respondent and may involve interviews with other witnesses, the collection of documents or other physical/electronic information. Individuals who are interviewed during the investigation will be advised that the matter is confidential and that retaliation is prohibited by this *Policy*.

The Complainant and Respondent may both provide information and suggestions to the Investigator during the investigation, but the Investigator has independent authority to exercise judgment in determining how to conduct the investigation. While neither the Complainant nor Respondent are specifically prohibited from contacting others who may be involved with the investigation, any attempt to hinder the investigation or otherwise tamper with evidence or witnesses will be dealt with sternly and may be a violation of this or other policies.

If during the course of the investigation, additional violations of the Student Conduct Code are found, the Investigator shall inform the Respondent of such and include these amended violations within the investigation report.

At the conclusion of investigations performed by the Investigator, the Investigator will prepare a written report detailing the information that was collected. The report will include: summaries of interviews with the Complainant, the Respondent, third-party witnesses, and any expert witnesses; summaries of any photographic, electronic and forensic evidence; and a detailed written analysis of the event(s) in question. The report shall be made available, concurrently, to the Code Administrator, the Dean of Student Life, the Complainant and the Respondent. If either the Complainant or the Respondent believes that the Investigator has inaccurately reported a statement, he or she should immediately request that the Investigator seek clarification from that witness within three (3) business days.

Article VII. **Determination**

Once the Code Administrator, Conduct Officer, or the Investigator has completed his or her investigation, a determination will be made by a preponderance of the evidence (*more likely than not*). As discussed in more detail below, if the Code Administrator or Conduct Officer determines that the Respondent violated this *Student Conduct Code* or *Residential Policies & Procedures*, the Code Administrator or Conduct Officer will impose appropriate sanctions. The Code Administrator's or Conduct Officer's determination and imposition of sanctions, if any, shall be delivered to the Complainant and Respondent on the same day via email.

In most cases, the Code Administrator's decision will be issued within approximately 60 days of the date of the Complaint; however, some investigations may necessarily be longer than others.

Article VIII. **Sanctions**

The University may impose a range of sanctions and protective measures following a final determination of a violation of this *Policy*. The sanctioning decision will be informed by the degree to which the behavior was intentional, irresponsible, or without knowledge.

Factors pertinent to the determination of what sanction applies include, but are not limited to, the nature of the conduct at issue, prior disciplinary sanctions of the Respondent (available to the Code Administrator only upon finding a violation), Respondent's willingness to accept responsibility for his/her actions and previous University response to similar conduct.

The broad range of sanctions includes: permanent expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties, including changes in academic schedules, reassignment of residence, and no contact orders, with additional sanctions for violating orders; written warning; educational programs; volunteering or community service requirements; loss of University privileges; restitution; delays in obtaining administrative services and benefits from the University (e.g. only: holding transcripts, delaying registration, graduation, diplomas); and any other discretionary sanctions that are directly related to the violation or conduct and addressing its effects.

Article IX. **Appellate Review Procedures**

The Respondent shall have the right to appeal the decision of the Code Administrator. Appeals must be submitted in writing to the Dean of Student Life within five (5) business days from the day the decision is delivered to the parties. Within five (5) business days of receiving an appeal, the Dean of Student Life will appoint an Appellate Review Panel consisting of three (3) members from a pool of trained faculty and staff.

The Appellate Review Panel will limit its review of the Code Administrator's decision to the record, including the investigator's report, supporting documents or other evidence, and any statement by the Complainant, the Respondent, and/or Code Administrator regarding any issue raised in the appeal. In order for an appeal to be granted, the appeal must demonstrate at least one of the following:

- i. procedural error(s) that may have prejudiced the Code Administrator; or
- ii. evidence unavailable at the original proceeding, which would likely have affected the decision.

If the Panel grants the appeal, it shall direct the Code Administrator to reconsider the case with appropriate corrections or appoint a designee to hear the case, either of which could eliminate, reduce or increase the sanction. If no appeal is granted, all decisions shall be considered final and binding on all parties.

If the Appellate Panel grants an appeal, all decisions there-in-after shall be considered final and binding on all parties.

Article X. **Interim Measures**

During the investigation and until allegations are resolved, the Dean of Student Life or Code Administrator, may issue interim restrictions, including, but not limited to the following: no-contact or stay away orders between the Complainant and the Respondent; interim suspension; temporary exclusion from areas of campus; removal from or relocation to another residence hall; changes in academic/course schedules; or limiting participation in certain events, gatherings, or activities, among other measures. Interim measures should not be construed to suggest that any decision has been made about the merits of the case. Accommodations may be provided to individuals involved, regardless of whether formal proceedings are instituted, including academic/course schedule changes; housing reassignments; safety escorts; safety/crime prevention briefings; and other protective or safety measures. Interim restrictions and accommodations are considered and implemented on a case-by-case basis by the Dean of Student Life or Code Administrator.

Article XI. **Acceptance of Responsibility**

At any point after a Complaint has been filed, the Respondent may accept responsibility for violation(s) of this *Student Conduct Code* or *Residential Policies & Procedures*. Even with assumption of responsibility, in cases of separation or expulsion, an investigation shall be conducted. If a Respondent accepts responsibility for having violated this *Student*

Conduct Code, the Code Administrator will determine the appropriate sanction within ten (10) business days and send written notification of the sanction imposed or accepts responsibility for having violated *Residential Policies & Procedures*, the Conduct Officer will determine appropriate sanctions and send written notification of the sanction imposed.

Acceptance of responsibility is for all alleged violation(s) within a Complaint; alleged violation(s) are acted upon as a whole and not individually.

The appeal process does not apply when a Complainant assumes responsibility for his/her violation(s) of this *Student Conduct Code* or violation(s) of *Residential Policies & Procedures*.

Husson University reserves the right to amend this policy to better align with or to respond to changes in federal, state, or local laws, regulations, or University policies and procedures. Concerns or questions regarding this policy may be directed to:

I. Overview

Husson University is committed to maintaining an environment that is free from unlawful harassment and discrimination of all kinds and prohibits discrimination against or harassment of any individual or group on the basis of race, color, sex, sexual orientation, gender identity and/or expression, religion, ancestry or national origin, age, physical or mental disability, citizenship, veteran status, or any other applicable legally protected status in matters of admissions, employment, housing, or services in the educational programs or activities it operates. Consistent with this commitment, as well as federal and state laws, Husson University does not tolerate unlawful discrimination or harassment in any form.

Title IX of the Educational Amendments of 1972 protects people from sex discrimination in educational programs and activities at institutions, like Husson University, that receive federal financial assistance. Sexual Misconduct and Gender Based Violence may create a hostile environment, which limits or denies students' ability to participate in or benefit from the school's educational program. Husson University has a zero tolerance policy for Sexual Misconduct and Gender Based Violence, which can occur in many forms and has a broad impact on the community. When a Report of Sexual Misconduct or Gender Based Violence is made and advanced according to this policy, the University will take action to protect the person making the Report, promote a safe campus community and render sanctions against those found to have violated the Policy.

II. Scope of the Policy and Geographic Jurisdiction

This Policy applies to allegations of Sexual Misconduct or Gender Based Violence involving any current or former Husson University student occurring on Husson University property or at a University sanction event or program taking place off campus, and in other instances where the conduct may have continuing effects that create a hostile environment.

This Policy applies to any allegation of Sexual Misconduct or Gender Based Violence against a Husson student, regardless of where the alleged Sexual Misconduct or Gender Based Violence occurred. Reports of Sexual Misconduct or Gender Based Violence against a student by a faculty or staff member should be made to the Title IX Coordinator and will be adjudicated according to Husson University's Sexual Misconduct and Gender Based Violence Policy hereinafter referred to as the Sexual Misconduct Policy.

So long as the Respondent is matriculated as a Husson University student, there is no time limit associated with invoking this Policy. Nevertheless, students are encouraged to report alleged Sexual Misconduct or Gender Based Violence immediately in order to maximize the University's ability to obtain evidence and conduct a thorough and reliable investigation. Failure to promptly report alleged Sexual Misconduct or Gender Based Violence may result in the loss of relevant evidence and Witness testimony.

Under no circumstances will the University allow an impending graduation to compromise its resolution processes. The conferral of a degree may therefore be postponed or deferred, if necessary, until resolution of any Sexual Misconduct or Gender Based Violence charges.

III. Resources

If you are the victim of Sexual Misconduct or Gender Based Violence, your safety and medical needs are paramount. Seeking assistance immediately is important to protect yourself and the members of the University community and to preserve physical and other evidence. V. Definitions

Coercion. Coercion is inappropriate pressure to engage in sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear that they do not want to engage in activity of a sexual nature, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point may be coercive.

Reporting Party. The reporting party is the person making an allegation or Report of Sexual Misconduct or Gender Based Violence.

Report. A Report is a formal notification, either orally or in writing, of the belief that sexual misconduct has occurred.

Consent. Consent means words or actions that show a knowing and voluntary agreement to engage in mutually agreed-

upon sexual activity. Consent is active, not passive, and is given by clear actions or words. Consent may not be inferred from silence, passivity, or lack of active resistance alone.

Consent cannot be gained by Force, by ignoring or acting in spite of the objections of another, or by taking advantage of the Incapacitation of another, where the Respondent knows or reasonably should have known of such Incapacitation. The use of alcohol or other drugs will never function to excuse behavior that violates this Policy, and being intoxicated does not diminish one's responsibility to obtain consent.

A dating or sexual relationship is not sufficient to constitute consent, and consent to one form of sexual activity does not imply consent to other forms of sexual activity. In some situations, an individual may be deemed incapable of consenting to sexual activity because of circumstances or the behavior of another, or due to their age. Examples of such situations include, but are not limited to, incompetence, impairment from alcohol and/or other drugs, fear, unconsciousness, intimidation, coercion, confinement, isolation, or mental or physical impairment.

FERPA means the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232(g); 34 C.F.R. Part 99.

Force. Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that overcomes resistance or produces consent. There is no requirement that a person has to resist the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is by

Gender Based Violence is a broad term encompassing, among other things, Dating Violence, Domestic Violence, and Stalking. Gender Based Violence can occur between strangers or acquaintances, including people involved in both long term and brief intimate partnerships. Gender Based Violence can be committed by someone of any gender, and it can occur between people of the same or different sex.

Dating Violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship will be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual abuse, physical abuse, emotional violence or the threat of such violence and does not include acts that meet the definition of Domestic Violence.

Domestic Violence as defined by Maine law to mean felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic law of Maine or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Maine.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress. Examples of stalking include: unwanted, intrusive, and frightening communications by phone, mail, and/or email; repeatedly leaving or sending unwanted items such as gifts; following or waiting for a person at places such as home, school or work; making direct or indirect threats of harm to a person, or the person's children, relatives, friends or pets; damaging or threatening to damage property; harassment through the internet or social media; and posting information or spreading rumors about a person.

Other offenses when based on gender:

Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person;

Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;

Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;

Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the University community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity;

Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally (that is not speech or conduct otherwise protected by the 1st Amendment).

Intimate Partner Violence, defined as any physical, sexual, or psychological harm by a current or former partner or spouse. This type of violence can occur among heterosexual or same-sex couples, whether cohabitating or not, and does not require sexual intimacy. IPV can vary in frequency and severity, can occur on a continuum, and can include acts of physical violence, sexual violence, threats of physical or sexual violence, or psychological or emotional violence. Psychological or emotional violence is a broad term that results in trauma to a victim caused by acts, threats of acts, or coercive tactics, and can include acts of humiliation, intimidation, isolation, stalking, and harassment.

Incapacitation means the physical and/or mental inability to make informed, rational judgments. Incapacity can result from, among other things, mental disability, sleep, blackouts, flashbacks, involuntary physical restraint, or from intentional or unintentional taking of alcohol and/or other drugs. Where alcohol or other drugs are involved, Incapacitation is determined by how the substance consumed impacts a person's decision-making capacity, awareness of consequences, and ability to make informed judgments. The perspective of a reasonable person will be the basis for determining whether one should have known about the impact of the use of alcohol and/or other drugs on another's ability give consent.

Respondent/Responding Party means the individual who is alleged to have committed one or more acts of Sexual Misconduct or Gender Based Violence.

Responsible Employee means any University employee: who has the authority to take action to redress Sexual Misconduct or Gender Based Violence; who has been given the duty of reporting incidents of Sexual Misconduct or Gender Based Violence by students to the Title IX Coordinator or other appropriate school designee; or whom a student could reasonably believe has this authority or duty. This includes but is not limited to faculty, coaches, residential life staff, and deans.

Retaliation means any behavior of harassment, including intimidation, threats, and other adverse action, against any Reporting Party or third party cooperating in the investigation of a Report under this Policy.

Sexual Misconduct is a broad term encompassing Sexual Exploitation, Sexual Harassment, Non-Consensual Sexual Contact, and Non-Consensual Sexual Intercourse, as defined in this Policy. Sexual Misconduct can occur between strangers or acquaintances, including people involved in an intimate sexual relationship. Sexual Misconduct can be committed by someone of any gender, and it can occur between people of the same or different sex.

Non-Consensual Sexual Contact means Sexual Contact that occurs without Consent.

Non-Consensual Sexual Intercourse means Sexual Intercourse that occurs without Consent.

Sexual Contact means any intentional sexual touching by a person upon a person that is without consent and/or by force. Sexual Contact includes, but is not limited to, intentional contact with the breasts, buttocks, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts (including clothing covering any of these areas); any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice, with any object.

Sexual Exploitation means taking sexual advantage of another person without Consent, and includes, without limitation: causing or attempting to cause the Incapacitation of another person in order to gain a sexual advantage over such other person; recording, photographing or transmitting identifiable images of private sexual activity and/or the intimate parts (including genitalia, groin, breasts or buttocks) of another person; allowing third parties to observe private sexual acts; engaging in voyeurism; and/or knowingly or recklessly exposing another person to a significant risk of sexually transmitted infection.

Sexual Harassment means unwelcome conduct of a sexual nature. Where sexual harassment is sufficiently severe or pervasive that it substantially interferes with a student's University employment, academic performance, participation in University programs or activities, or living, learning or working environment, the sexual harassment creates a hostile environment in violation of Title IX and this Policy.

Sexual Harassment may include, for example, unwelcome physical contact; sexually explicit comments in person or via phone, letter, note, gift, text message, email or other electronic medium; sexual advances; requests for sexual favors; unwelcome invitations to engage in sexual activity; unwelcome commentary about an individual's body or sexual activities; threatening to engage in an unwelcome sexual act with another person; engaging in indecent exposure; and stalking or cyber stalking. A single instance of unwelcome conduct of a sexual nature may constitute Sexual Harassment if it is sufficiently serious.

Title IX and this Policy also prohibit gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Sexual Intercourse means penetration (anal, oral or vaginal) by a penis, tongue, finger or an inanimate object, no matter how slight the penetration.

Sexual Misconduct Appellate Review Panel means the panel consisting of 3 members from a pool of trained faculty and staff appointed by the Dean of Student Life to review appeals taken from the decision of the Title IX Coordinator.

Student. The term "student" includes all persons taking courses at the University, either full-time or part-time, pursuing undergraduate, graduate or professional studies. Persons who withdraw after allegedly violating the Sexual Misconduct Policy, who are not officially enrolled for a particular term but who have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered "students" as are persons who are living in University residence halls, although not enrolled in this institution.

University. The term University means Husson University

VI. Privacy v. Confidentiality

The University is committed to protecting the privacy of all individuals involved in a Report under this Policy. All University employees who are involved in the University's Title IX response receive specific instruction about respecting and safeguarding private information. Throughout the process, every effort will be made to protect the privacy interests of all individuals involved in a manner consistent with the need for a thorough review of the report.

Privacy and confidentiality have distinct meanings under this policy.

Privacy: Privacy generally means that information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those University employees who "need to know" in order to assist in the active review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process.

Confidentiality: Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without the express permission of the individual. These campus and community professionals include mental health providers, rape crisis counselors, and attorneys, all of whom have legally protected confidentiality. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others.

In instances where there is reasonable cause to believe that a minor may have been subjected to abuse, those with professional reporting obligations may need to report matters to the District Attorney and the Maine Department of Human Services.

VII. Clery Reporting

Husson Safety and Security Department is required by Federal mandate to report all incidents of sexual violence under the Clery, Campus Sexual Violence Elimination, and Violence Against Women Reauthorization Acts. These Acts require that the University provides current and prospective students and employees, the public, and the Department of Education with crime statistics and campus crime prevention programs and policies. Reports do not include personally identifying information including the name of the victim.

VIII. Federal Timely Warning Reporting Obligations

If a report of misconduct discloses a serious or continuing threat to the University community, the University may issue a campus-wide timely warning (which can take the form of an email to campus) to protect the health or safety of the community. The timely warning will not include any identifying information about the victim. Even where there is no imminent threat, the University may send campus-wide email notifications on all reported sexual misconduct. At no time will the University release the name of the victim to the general public without the express consent of the victim. The release of the accused's name to the general public is guided by FERPA and the Clery Act. All University proceedings are conducted in compliance with the requirements of FERPA, the Clery Act, Title VII, Title IX, and state and federal law. No information shall be released from such proceedings except as required or permitted by law and University policy.

IX. Retaliation Prohibited

It is a violation of this Policy to retaliate against any person making a report of Sexual Misconduct or Gender Based Violence or against any person cooperating in the investigation of (including testifying as a Witness to) any allegation of Sexual Misconduct or Gender Based Violence. Retaliation should be reported promptly to the Advisor and may result in disciplinary action independent of any sanction or interim measures imposed in response to the underlying allegations of Sexual Misconduct or Gender Based Violence. Retaliation is adjudicated under the guidelines of this Policy.

X. Report Procedures

Upon receipt of a written or verbal report or other report that a violation of this Policy has or may have occurred, the Title IX Coordinator, will meet with the Reporting Party, or the alleged victim if the Reporting Party is not the victim, to determine: (1) whether he or she wishes to initiate a formal investigation; (2) whether he or she wishes to be assisted through the process by a support person appointed by the University (the "Supporter"); and (3) whether interim measures to protect the alleged victim or the University community are necessary. At the Reporting Party's request, the Title IX Coordinator will appoint a Supporter.

In this preliminary phase of the process, The Title IX Coordinator will also explain the processes available under this Policy and will answer any questions the victim has. The Title IX Coordinator will inform the victim that he or she should never be required to work out a problem or resolve an issue directly with the Respondent without University involvement.

If the Reporting Party wishes to pursue a formal resolution, Reporting Party, with the assistance of the Supporter, if requested, will prepare a written request to initiate an investigation to be signed by the Reporting Party. The Title IX Coordinator will provide a formal notice of the request to the Responding Party, to be delivered either in person, by mail, or by e-mail, and will simultaneously deliver a copy to the Reporting Party. The notice of initiation of the investigation will be effective upon delivery. Through this notice, a Supporter will be made available to the Respondent as well.

Even if the Reporting Party does not wish to pursue resolution, requests that no action be taken, requests that the matter remain private, or elects not to participate in the process, Husson University has an obligation to respond to reports of violations of this Policy. The University's ability to respond may be limited if a Reporting Party wishes to remain anonymous.

If the Reporting Party requests that his or her name or other identifiable information not be disclosed to the Responding Party, the Supporter will inform the Reporting Party that the University's ability to respond may be limited and that Title IX prohibits retaliation. If the Reporting Party requests that the matter he or she brought forward not be resolved, such request shall be in writing and include a waiver of investigation and resolution. The University will evaluate the Reporting Party's request(s) for privacy or no action in the context of the University's commitment to provide a safe and non-discriminatory environment for all students. In order to make such an evaluation, the Title IX Coordinator may conduct a preliminary investigation into the alleged Sexual Misconduct or Gender Based Violence and may weigh the Reporting Party's request(s) against the following factors: the seriousness of the alleged Sexual Misconduct or Gender Based Violence; the Reporting Party's age; whether there have been other Reports of Sexual Misconduct or Gender Based Violence against the same Respondent; and the Respondent's right to receive information about the allegation if the information is maintained by the University as an "education record" under FERPA. The Supporter will inform the Reporting Party if the University must move forward with an investigation or take disciplinary action against the Respondent, because

the safety of a student or students is in question, and therefore cannot ensure privacy. In cases where the University is able to ensure privacy, because the safety of a student or students is not in question, the Title IX Coordinator reserves the authority to undertake an appropriate inquiry, issue a "no-contact" order, and take other reasonably necessary measures.

XI. Interim Measures.

During the investigation and until allegations are resolved, the Title IX Coordinator, or designee, may issue interim restrictions, including, but not limited to the following: no-contact or stay away orders between the Reporting Party and the Respondent, interim suspension, temporary exclusion from areas of campus, removal from or relocation to another residence hall, changes in academic/course schedules, or limiting participation in certain events, gatherings, or activities, among other measures. Interim measures should not be construed to suggest that any decision has been made about the merits of the cases. They are individualized services offered as appropriate to either or both the reporting and responding parties involved in an alleged incident of sexual misconduct, prior to an investigation or while an investigation is pending. Accordingly, accommodations may be provided to individuals involved, regardless of whether formal proceedings are instituted, including academic/course schedule changes; housing reassignments; safety escorts; safety/crime prevention briefings; and other protective or safety measures. Interim restrictions and accommodations are considered and implemented on a case-by-case basis by the Title IX Coordinator.

XII. Investigation.

Where a Reporting Party requests to initiate an investigation, a trained, neutral investigator will be appointed to conduct a prompt, thorough, and impartial investigation of the matter. The investigation will involve interviews of the Reporting Party, Responding Party and may involve interviews with other witnesses, the collection of documents or other physical/electronic information. Individuals who are interviewed during the investigation will be advised that the matter is confidential and that retaliation is prohibited by this Policy.

A Reporting Party and Responding Party may both provide information and suggestions to the investigator during the investigation, but the investigator has independent authority to exercise judgment in determining how to conduct the investigation. While neither the Reporting nor Responding Party are specifically prohibited from contacting others who may be involved with the investigation, any attempt to hinder the investigation or otherwise tamper with evidence or witnesses will be dealt with sternly and may be a violation of this or other policies.

In addition to having access to a University appointed Supporter as set forth above, the Reporting Party and Responding Party are each permitted to have an advisor of their own choice present during all phases of the investigation and during any statement the Reporting Party or Respondent makes as provided for in Section XIV and/or XV, below. Advisors are not, however, permitted to speak or to participate directly in the investigation and are not permitted to advocate on behalf of the student.

At the conclusion of the investigation, the investigator will prepare a written report detailing the information that was collected. The report will include: summaries of interviews with the Reporting Party, the Respondent and each third-party Witness and any Expert Witnesses; where applicable, photographic, electronic and forensic evidence; and a detailed written analysis of the events in question. The report will also make a recommendation of whether there is a sufficient basis for the Title IX Coordinator to consider the matter. The report shall be made available, to the Title IX Coordinator who will deliver it simultaneously to the Reporting Party and Responding Party. Each shall have seven (7) days from the date of receipt of the report to provide, in writing, any additional information or clarifications they feel are warranted to improve the accuracy of the report.

XIII. Other Misconduct

When conducting the investigation, the University's primary focus will be on addressing the alleged misconduct and not on other Husson University alcohol or other drug policy violations that may be discovered or disclosed. Husson encourages reporting and seeks to remove any barriers to reporting. Husson recognizes that an individual who is or was under the influence of alcohol or other drugs at the time of the incident may be hesitant to make a report because of potential Student Code of Conduct consequences for such behavior. An individual who reports Sexual Misconduct or Gender

Based Violence, either as a Reporting Party or a third party witness, will not be subject to disciplinary action by the University for personal consumption of alcohol or other drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. Decisions regarding amnesty under this paragraph will be made by the Title IX Coordinator in conjunction with the Dean of Student Life. Title IX or other University officials, however, may initiate an educational discussion or recommend other educational or therapeutic remedies regarding alcohol or other drugs for the reporting individual(s). Providing false claims so as to obtain amnesty is an abuse of process and will be met with stern sanctions.

The filing of a Report under this Policy is independent of any criminal investigation or proceeding, except in cases where it is determined that conducting proceedings might impede a criminal investigation or otherwise not be in the best interests of a law enforcement agency or a Reporting Party, the University will not wait for the conclusion of any criminal proceedings to commence its own investigation and impose needed interim measures.

XIV. Acceptance of Responsibility.

At any point before the matter is being considered by the Title IX Coordinator, the Responding Party may accept responsibility for a violation of this Policy. If a Respondent accepts responsibility for having violated this Policy, the Title IX Coordinator will determine the appropriate sanction within 5 business days and send written notification of the sanction imposed and the appeal process to the Reporting Party and Respondent.

XV. Consideration by the Title IX Coordinator.

When the investigation is complete, the matter will be considered by the Title IX Coordinator.

Within ten (10) business days of issuance of the investigator's report, or such other time as may be agreed upon by the parties, the Reporting Party and Responding Party will each, separately, have an opportunity to submit a statement, either in writing or in person to the Title IX Coordinator. Either party may use this occasion to advance the merits of their position or suggest the lack of merit from the position taken by the other party. Thereafter, the Title IX Coordinator will consider the investigator's report and any statements made or submitted by the Reporting Party and/or Respondent and will ultimately determine whether, by a preponderance of the evidence, meaning more likely than not, the Respondent violated this Policy and what sanctions, if any, should be imposed. The decision will be delivered to the Reporting Party and Responding Party either in person, by mail, or via email on the same day. A copy of the decision and the investigator's report will also be provided to the Dean of Student Life at this time.

In most cases, a decision will be issued within approximately 60 days of the date of the Report; however, some investigations may necessarily be longer than others.

XVI. Sanctions

The University may impose a range of sanctions and protective measures following a final determination of a violation of this Policy. The sanctioning decision will be informed by the degree to which the behavior was intentional, irresponsible, or without knowledge and may include but not be limited to factors such as

- the nature of the conduct at issue,
- prior disciplinary sanctions of the Respondent (available to the Title IX Coordinator only upon a finding of responsibility to the allegation),
- Respondent's willingness to accept responsibility for his/her actions and previous University response to similar conduct.

The broad range of sanctions includes: permanent expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties, including changes in academic schedules, reassignment of residence, and no contact orders, with additional sanctions for violating orders; successful completion of sexual or relationship sensitivity training/awareness education program/bystander intervention training; successful completion of alcohol and other drug awareness and abuse prevention program; counseling or mentoring; educational programs that focus on rehabilitation of the mindset; volunteering or community service requirements; loss of University privileges; delays in obtaining administrative services and benefits from the University (e.g only: holding transcripts,

delaying registration, graduation, diplomas); and; any other discretionary sanctions that are directly related to the violation or conduct and that are aimed at eliminating sexual misconduct, preventing its recurrence, and addressing its effects.

XVII. Appellate Review Procedures

Both the Reporting Party and Respondent shall have the right to appeal the decision of the Title IX Coordinator. Appeals must be submitted in writing to the Dean of Student Life within 5 business days from the day the decision is delivered to the parties. Within 5 business days of receiving an appeal, the Dean of Student Life will appoint a Sexual Misconduct Appellate Review Panel consisting of 3 members from a pool of trained faculty and staff.

The Sexual Misconduct Appellate Review Panel will limit its review of the Title IX Coordinator's decision to the record, including the investigator's report, supporting documents or other evidence, and any statement by the Reporting Party, the Respondent, and/or Title IX Coordinator regarding any issue raised in the appeal. In order for an appeal to be granted, the appeal must demonstrate at least one of the following:

- i. procedural error(s) that may have prejudiced the Title IX Coordinator; or
- ii. evidence unavailable at the original proceeding, which would likely have affected the decision.

If the Panel grants the appeal, it shall direct the Title IX Coordinator to reconsider the case with appropriate corrections or appoint a designee to hear the case, either of which could eliminate, reduce or increase the sanction.

XVIII. Miscellaneous

The Title IX Coordinator, Supporter, the members of the Sexual Misconduct Appellate Review Panel, and any individuals who serve as designees will have received annual training to serve in their respective capacities that draws on professional and expert resources.

In the event of any actual or apparent conflict of interest, the Title IX Coordinator shall appoint someone else to serve in the assigned capacity. In the event the Title IX Coordinator has an actual or apparent conflict, the Deputy Coordinator will serve in the capacity of the Coordinator.

Husson University reserves the right to amend this policy to better align with or to respond to changes in regulations, case law, or the expectations established by the United States Department of Education.

Cleaning & Maintenance

Custodial service is provided by the University to clean all public areas in the residence halls (stairwells, hallways and bathrooms). Residents in the Living Learning Center (LLC) are responsible for cleaning and maintaining the shared public space and bathroom in each suite.

Residents in the Townhouses are responsible for cleaning and maintaining the shared public space, individual bedrooms, and bathrooms in each townhouse. Townhouse residents are responsible for regular trash removal from their unit. Trash is to be placed in the identified outdoor trash area adjacent to The Townhouses.

PETS

For health and sanitary reasons, pets are not allowed in the residence halls. Fish are the only animals allowed and tanks must be no larger than 10 gallons and must have a filtration system. Residents are responsible for the care and maintenance of the tank; tanks

may not be left over break periods. Disposal of waste and contents of tanks may not be done in bathrooms of the residence halls. If any of these animals are found, they will be immediately removed by the Residence Life Staff and associated cleaning fees will be billed to the student. For a full statement on Animals on Campus, see the University Policies section of the handbook. All students found in possession of an unapproved pet will be subject to the student conduct process or residence informational meeting.

QUIET HOURS

Quiet hours are 9:00 pm to 9:00 am Sunday through Thursday and 1:00 am to 10:00 am Friday and Saturday. Each residence hall floor may establish additional quiet hours according to the desires and needs of its residents.

Courtesy hours are in effect at all times in the residence halls. You have the right to ask others to refrain from making noise when that noise interferes with your study, sleep, or general use of your room. If a resident requests another resident to lower the volume or reduce the amount of noise, the expectation is to accommodate the request and reduce the amount of noise.

HEALTH AND SAFETY CHECKS

Inspections of all residence hall rooms may be conducted periodically as the need arises. Routine inspections are held to determine maintenance, security and safety standards are being met. Twenty four hours prior notice will be given for routine Health and Safety Checks and will be attended to by the Residence Life Staff. The University reserves the right, at the discretion of the Dean of Student Life and/or his/her designee, to enter a room when there is probable cause to believe that there may be a concern regarding policy violations or the health, safety and/or welfare of the resident and/or any member of the student body.

Husson University contracts vendors to address a number of issues that may arise in residential areas including pest control. If you have allergies or potential reactions to sprayed chemicals, please provide this information to your Resident Director prior to departing.

ROOM KEYS/ACCESS CARD

Each student is issued a key or access card upon moving into the residence hall. The student is responsible for the key and may not transfer or duplicate them. Lost keys should be reported to the Resident Director immediately. For the safety and security of residents, a lock core change may be made and the student will be charged for the change. Residents will also be billed for a lock core change when a key is not returned when they move out of a room. All room keys will be collected at the end of the spring semester or when a student withdraws or departs the University.

Students should be prepared to show their ID card when requested to do so by Residence Life staff, Safety & Security personnel, faculty, staff, or administrators, or law enforcement officer upon request. Failure to provide or surrender the ID card, or personal identification, when requested may result in disciplinary action.

TERMS & CONDITIONS FOR RESIDENTIAL STUDENTS

Following are terms and conditions used by Husson University Office of Residence Life that all students should be aware of - even those not residing on campus. This information is meant to provide a general understanding but clarity can be sought from the Residence Life staff.

1. **The *Husson University Student Handbook*:** All residents are advised to read and become familiar with the University *Student Conduct Code* and the policies that relate to student life.
2. **Check-In & Check-Out:**
 - a. Each resident must follow the check-in procedures within each hall. This includes registration, receipt of key(s) or access card and acknowledgment of the condition of the room via the ROOM CONDITION REPORT.
 - b. Upon vacating the room, the resident must check out with a staff member, return the key(s) and acknowledge and sign the ROOM CONDITION REPORT.
 - c. Failure to check out of the residence hall following the established procedure may result in the forfeiture of the student's right to appeal individual damages or other assessed fees.

When a student moves out of a residence hall room he or she must check out with a Resident Life staff member. The checkout procedure assures that a student and a staff member jointly check the vacated room so that inappropriate damage charges are not assessed to the student. Each student is responsible for assuring that all appropriate university furniture is in her or his room at checkout time. All personal belongings, area carpeting, etc., must be removed from the student's room

prior to checkout. Room key/access card must be returned at checkout in order to avoid a charge for replacement. Mailbox keys must be returned to the Mail Room, 113A Peabody Hall.

3. **Access to Rooms:** The University reserves the right, at the discretion of the Dean of Student Life and/or his/her designee, to enter a room when there is probable cause to believe that there may be a concern regarding policy violations or the health, safety and/or welfare of the resident and/or any member of the student body. Failure to abide by policies and regulations will result in disciplinary action as prescribed by the *Husson University Student Handbook*. Members of the Custodial and Maintenance Department and contracted personnel may enter the rooms for maintenance purposes. When feasible, students will be notified in advance. The Residence Life staff may conduct monthly Health and Safety Checks.
4. **Assignment of Housing:** The University expressly reserves the right at any time during the year to reassign the student to other housing accommodations. In the event of a vacancy, the University reserves the right to assign students to unoccupied beds during the school year. Requests for room changes must be approved through the Office Residence Life.
5. **Room/Roommate Changes:** Students are encouraged to try to work with their roommate or to seek assistance from the Residence Life staff if a roommate situation is not resolved. The Resident Director may move or reassign one or both residents if the conflict cannot be resolved. Room changes will not occur until after the Add/Drop Period has closed.
6. **Room Consolidations:** Most students will initially have a roommate. If a resident moves out or cancels his/her room assignment, the remaining roommate will be asked to do one of the following:
 - a. Select a roommate of his/her choosing.
 - b. Anticipate that a new roommate will be assigned to the room.
 - c. Move into a room where a roommate is needed.
 - d. Request to buy out the single room (space permitting)

This would also include any personal goods stored in the residence hall facilities. It is recommended that students remove personal items during vacation/break periods.

It is strongly suggested that families extend their homeowners coverage to include the student's possessions while away from home or that they can purchase renter's insurance. The student understands and agrees that it shall be his/her own obligation to insure his/her personal property.

10. **Vacations:** In the interest of security, the University reserves the right to secure all residence halls during University vacation periods. Residence halls will be closed during fall break and Thanksgiving break. Students may remain in their placement without cost if they register with the Office of Residence life. - c. Lost mailbox key - a non-refundable charge of \$25 will be made for lock change and issuance of a new key that the student receives from the Mailroom.

Students will be charged \$50 if keys are not returned at the end of the academic year or when checking out of an assigned room during an approved room change.

14. **Noise:** Excessive noise is not permitted and Residence Life Staff members will take appropriate disciplinary action when confronted with violations. Neither the student nor his/her guests, shall make or suffer any unlawful, noisy, or otherwise offensive use of his/her room and/or the residence halls, nor commit or permit any nuisance to exist thereon, nor create any interference with the rights, comfort, safety or enjoyment of the University. Excessively large amplifiers are prohibited. In addition, residents should be aware that they are expected to exercise consideration for others at all times - this is called courtesy hours. They will also observe quiet hours between the hours of **9:00 pm and 9:00 am (Sunday - Thursday) and 1:00 am to 10:00 am (Friday and Saturday)**.

15. **Fire Prevention:** Students should pay particular attention to fire safety and prevention in the residence halls. In order to prevent potential hazards, electrical circuits should not be overloaded. The use of extension cords is illegal. Only UL approved power cords can be used. Materials of any sort should not be hung near light fixtures or from smoke-heat detectors.

Doorways and entryways should be free of obstruction at all times in order to expedite a quick exit in case of an emergency. Room entrances may not be blocked by closets. Room doors must be able to open all the way. Smoking, including vaping and smoke-less tobacco products, is prohibited on campus, along with the use of candles and incense or any open flame.

In case of fire:

Secure appropriate clothing, shoes and towel.

Leave the room with lights on and blinds open. Close the door.

Leave the building as quickly as possible, using designated exit routes. Do not run. Evacuation plans are posted on each residence hall floor; each student should be familiar with them.

No one may re-enter an evacuated building without authorization from the Fire Department.

Tampering with fire extinguishers, fire safety equipment, smoke detectors, or other safety equipment is prohibited. Students found to be responsible for violating this *Policy* shall be held accountable under the *Student Conduct Code*.

Each residence hall will hold fire drills throughout the year. Students are expected to evacuate the residence hall immediately upon hearing the alarm sound. Failure to evacuate within three to five minutes, failure to cooperate with University personnel, or premature reentry of the building will result in disciplinary action. Any student who tampers with fire extinguishers or any fire safety equipment is subject to suspension from the University and additional conduct sanctions.

16. **Electrical Appliances:** Due to fire regulations, cooking in student rooms is **not permitted**. Residence Life staff members are authorized to remove all devices which they deem, in their discretion, to be dangerous. 19. **Furniture:** Students cannot remove furniture from the rooms/suites or remove lounge furniture for personal use.
20. **Damages:** Students are responsible for the payment of all damages that occurred within his/her assigned room. Charges for all damages to the premises shall be divided equally among occupants, unless one (or more) occupant(s) accepts responsibility for total damage and notifies the Office of Residence Life prior to the submission of bills. When damage to common areas of the residence halls (i.e., lounges, stairwells, lobbies, hallways, bathrooms) are clearly the result of negligence, carelessness, malicious intent to destroy, or theft, residents of the floor or building will be billed for their share of the repair and/or replacement costs. It shall be the responsibility of all residents to be invested into the residential community and minimize damages and require those who are responsible to pay. All information pertaining to damages should be reported to Resident Assistants, Resident Directors, or directly to the Office of Residence Life. Damage charges will be based on local hourly rates, plus the cost of materials and overhead. All repairs to University property must be completed by University personnel or contractors of the University. Requests for repairs or other maintenance should be reported to your Resident Assistant or Resident Director.

Appeals to damage charges assessed to student accounts may only be contested for 30 days after the charge is posted to the student's account.

21. **Property Disclaimer Indemnification and Assumption of Risk:** Student agrees to indemnify and hold University harmless from liability, loss or damage arising from any situation that is made or suffered on the premises by Student, guests of Student and from any carelessness, neglect or improper conduct of any such persons. Student assumes the risk of loss associated with all personal property on University premises. Failure to comply with these conditions will result in action by the University to hold the student accountable and may also result in the student forfeiting his/her right to live on campus or other appropriate disciplinary action.
